Art Unit: 1755

In view of the response, including amendment, filed 05 January 2006, the rejections made in the previous office action are withdrawn. The instant claims 2-7 and 10-22 requiring combination of asphalt and an additive comprising a compound of formula (1) or (3) wherein R is an alkyl group having 5-20 carbon atoms, an alkenyl group having 2-22 carbon atoms or an alkyl phenyl group having 7-22 carbon atoms are allowable over the prior art of record. Claim 1 directed to a compound of formula (1) or the combination of the acid and alcohol of formulae (2) and (3) stands rejected.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by US 4418307.

US 4418307 is further representative of a large body of art disclosing compounds falling within the scope of claim 1. Column 12, line 3 of the reference discloses pentyl gallate, a compound falling within the scope of claim 1 (i.e. formula (1) wherein R is an alkyl having 5 carbon atoms).

Claims 2-7 and 10-22 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until

Art Unit: 1755

after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
